A YEAR BOOK FOR 'FORTY NINE'

LIBRARY
EAST TENNESSEE STATE COLLEGE
JOHNSON CITY, TENNESSEE

Dedication

The truly great go quietly from task to task, stopping only to see to it that none of them has been poorly done. These are men and women worthy of remembrance; these are those we are glad to have known.

For patient courage against collegiate whim; for studious attention to tedious detail; for dry and noble wit; for kind correction of careless mistakes; for honest effort and true service, we, the Senior Class of 'forty-nine,' respectfully dedicate this record of a year of progress to **Dr. Frank Field,** hoping that it will reward, in part, twenty-nine years of loyal guidance and faithful friendship.

Moving Forward with the South

The production of better type fabrics has grown to tremendous proportions in the South. Paralleling this outstanding progress made by the textile industry has been the resultant higher standard of living.

Burlington Mills is proud to be a part of this progress...proud of the fact that this Company has invested millions of dollars in the future of the South. By ever-expanding its own production, Burlington is contributing to the rapid increase in business activity—the yardstick of prosperity. For economic stability, Burlington maintains a program of financial soundness, reflected in its net worth of over \$100,000,000.

Through this extensive program for economic progress, Burlington Mills' 83 plant shave been able to produce the best possible products at the lowest possible prices. These quality fabrics are truly "woven into the life of America." That's why over 28,000 employees are going forward with Burlington Mills.
